Now you have created your game; you can export it to others on different social media links.. Rpg Maker Vx AceHello all and good evening I was working on a short fantasy side project for RPG Maker XP and decided that for the main character sprites, I wanted to use the human enemy graphics from RPG Maker VX ACE (which I also own, and we can do that, right?) for the 'Battler Graphics' under the 'Actors' tab in the database for RPG Maker XP.. This is great for a lot of reasons, but this also means two things: 1 Download Rpg MakerI won't have as much time to work on the game, which means development is going to slow down a bit.

While still early in development, please look forward to the following features! • Colorful, custom graphics, sound, and music.
